## You Helped Make This Possible

This summer PRETTY INC. hosted a variety of events serving over 100 children with safe, fun, and creative activities.

Families came together, kids made lasting memories, and the events reinforced the importance of having positive spaces for youth in the ward 1 community and surrounding areas.

A parent, told us: ***"He said this summer park program was the BEST part of his summer!!! And that makes my heart smile!"***

For these families, the summer programming provided more than just activities — it created joyful memories that became the highlight of their summer. We are proud to have provided a grant that helped make these events possible.
